Foundational Leadership Certificate

The OSU Leadership Center wants to help you develop the skills needed to be a high performing leader through gaining the Foundational Leadership Certificate. The Foundational Leadership Certificate allows you the opportunity to further your education, personally develop, create relationships with other industry professionals, and grow as a leader within the workplace. This will express to your employer your dedication to professional development and exhibit your efforts to creating an efficient and productive environment. Throughout the workshops required, one-on-one attention will be given to address your individual strengths and weaknesses in order to create a personalized and effective experience.

Experience Includes

The following is included in the Foundational Certificate program:

Intake Meeting
<i>We hope to learn more about you and what you hope to gain from this program. This time will also be used to match you with your individual leadership coach.</i>
Leadership Audit
<i>With the help of the audit, we will be able to tailor the program to your specific needs, strengths, and weaknesses. This will include previous education and work history.</i>
Five Workshops
<i>This Certificate requires you to complete a total of five workshops: three with the topic of self-awareness workshops and two discussing teams/ organization. You have the opportunity to select these workshops from a qualifying list.</i>
Two Individual Coaching Sessions
<i>You will meet with your personal leadership coach twice throughout the program. Here, time will be taken to identify your professional goals, receive feedback, analyze assessment results, learn more about topics covered within workshops, and so much more.</i>
Personal Leadership Profile
<i>The Personal Leadership Profile is an all-encompassing document that holistically analyzes and reviews the following: education highlights, work history, assessment results and implications, potential areas of growth, personal reflections, analysis linking insights, overall strengths and opportunities analysis, leadership development plan.</i>

Cost

- \$2500 for non-OSU employees (\$2200 for OSU employees)

If you have taken a workshop or assessment within the past three years, and wish to apply its credit to this Certificate, please make us aware. However, if you choose to do so, the total cost of the program will not change.
